

Sports Development Sub-committee Remit & Members

- The role of the Coaching & Games Development sub-committee is to over-see all coaching and games related matters within the club. Clubs have a *Coaching Development Plan* operating within the club which deals with all teams operating in the club. The Coaching & Games Development sub-committee should be responsible for its planning and implementation.
- This sub-committee must also work directly with the Health and Wellness sub-committee to ensure compliance with the guidelines of the Code of Ethics and Good Practice for Children's Sport. This includes ensuring all coaches, and volunteers coaching children are vetted, and that all coaches, medical and background team are adequately qualified for their role.
- All coaches working within the remit of the club must be properly recruited. It is best practice for members of the Sports Development sub-committee to receive training in their role.
- This sub-committee will also endeavour maintain links with local schools in reference to their roles outlined above.

The Coaching Officer should play a pivotal role in this sub-committee, with the entire group being answerable to the Club Executive Committee.

The following club members make-up the Sports Development sub-committee:
